SEWP VI Overview

The NASA Solutions for Enterprise-Wide Procurement VI (SEWP VI) Government-Wide Acquisition Contract (GWAC) provides Federal agencies with streamlined access to a wide range of information technology products and services. SEWP VI enables faster acquisition, reduced administrative burden, and missionfocused solutions to support agency objectives.

PGS and SEWP

PGS is a NASA SEWP VI Category C prime contract holder, providing eligible Federal customers and authorized Government organizations with access to a broad range of mission-based information technology services.

Through Team PGS, customers may acquire services across the Category C scope. Team PGS combines PGS's small-business responsiveness with the complementary capabilities of our SEWP VI teammates to support requirements from planning and modernization through implementation, operations, sustainment, and mission support.

Team PGS combines PGS's small-business responsiveness with the complementary capabilities of our SEWP VI teammates to support requirements from planning and modernization through implementation, operations, sustainment, and mission support.
